Z. WALTER JANIAK

Director

Four years ago the Class of 1962 entered the New Bedford Vocational High School as freshmen. At this time I began my first year as Director of the school. In a sense we are graduating together. As a class you are leaving us to become a part of your communities, educated and trained for your respective occupations and careers. You leave me better prepared by my association with you to understand and help the classes that will follow you.

I have watched your progress closely, from uncertain hesitant freshmen, to assured, poised and confident young men and women who we know will assume their proper places in society.

Your successes will be a source of pleasure to me. Your adversities and problems will always have my sympathetic understanding. Each of you by virtue of having graduated from this school, and by how well you put to use what your faculty has tried to impart to you, will contribute so much to the excellent reputation your school now enjoys.

On behalf of the Trustees, the Administration and the Faculty I wish you Godspeed!

Dedication

MR. F. S. BAKER

Mr. Baker has devoted many years of his life to the very effective teaching of young men at New Bedford Vocational High School. For this dedication to education we are very grateful and thereby dedicate the 1962 Mariner to him.

He has given freely of his time and energy to help Vocational boys gain the confidence they will need in their future years, whether these years be spent in the trade of their choice or in furthering their academic interests.

We, the graduating class of 1962, were very fortunate in having a man of Mr. Baker's calibre to guide us and we wish to now convey our sincere appreciation to him for his kindness and understanding.

Dedication

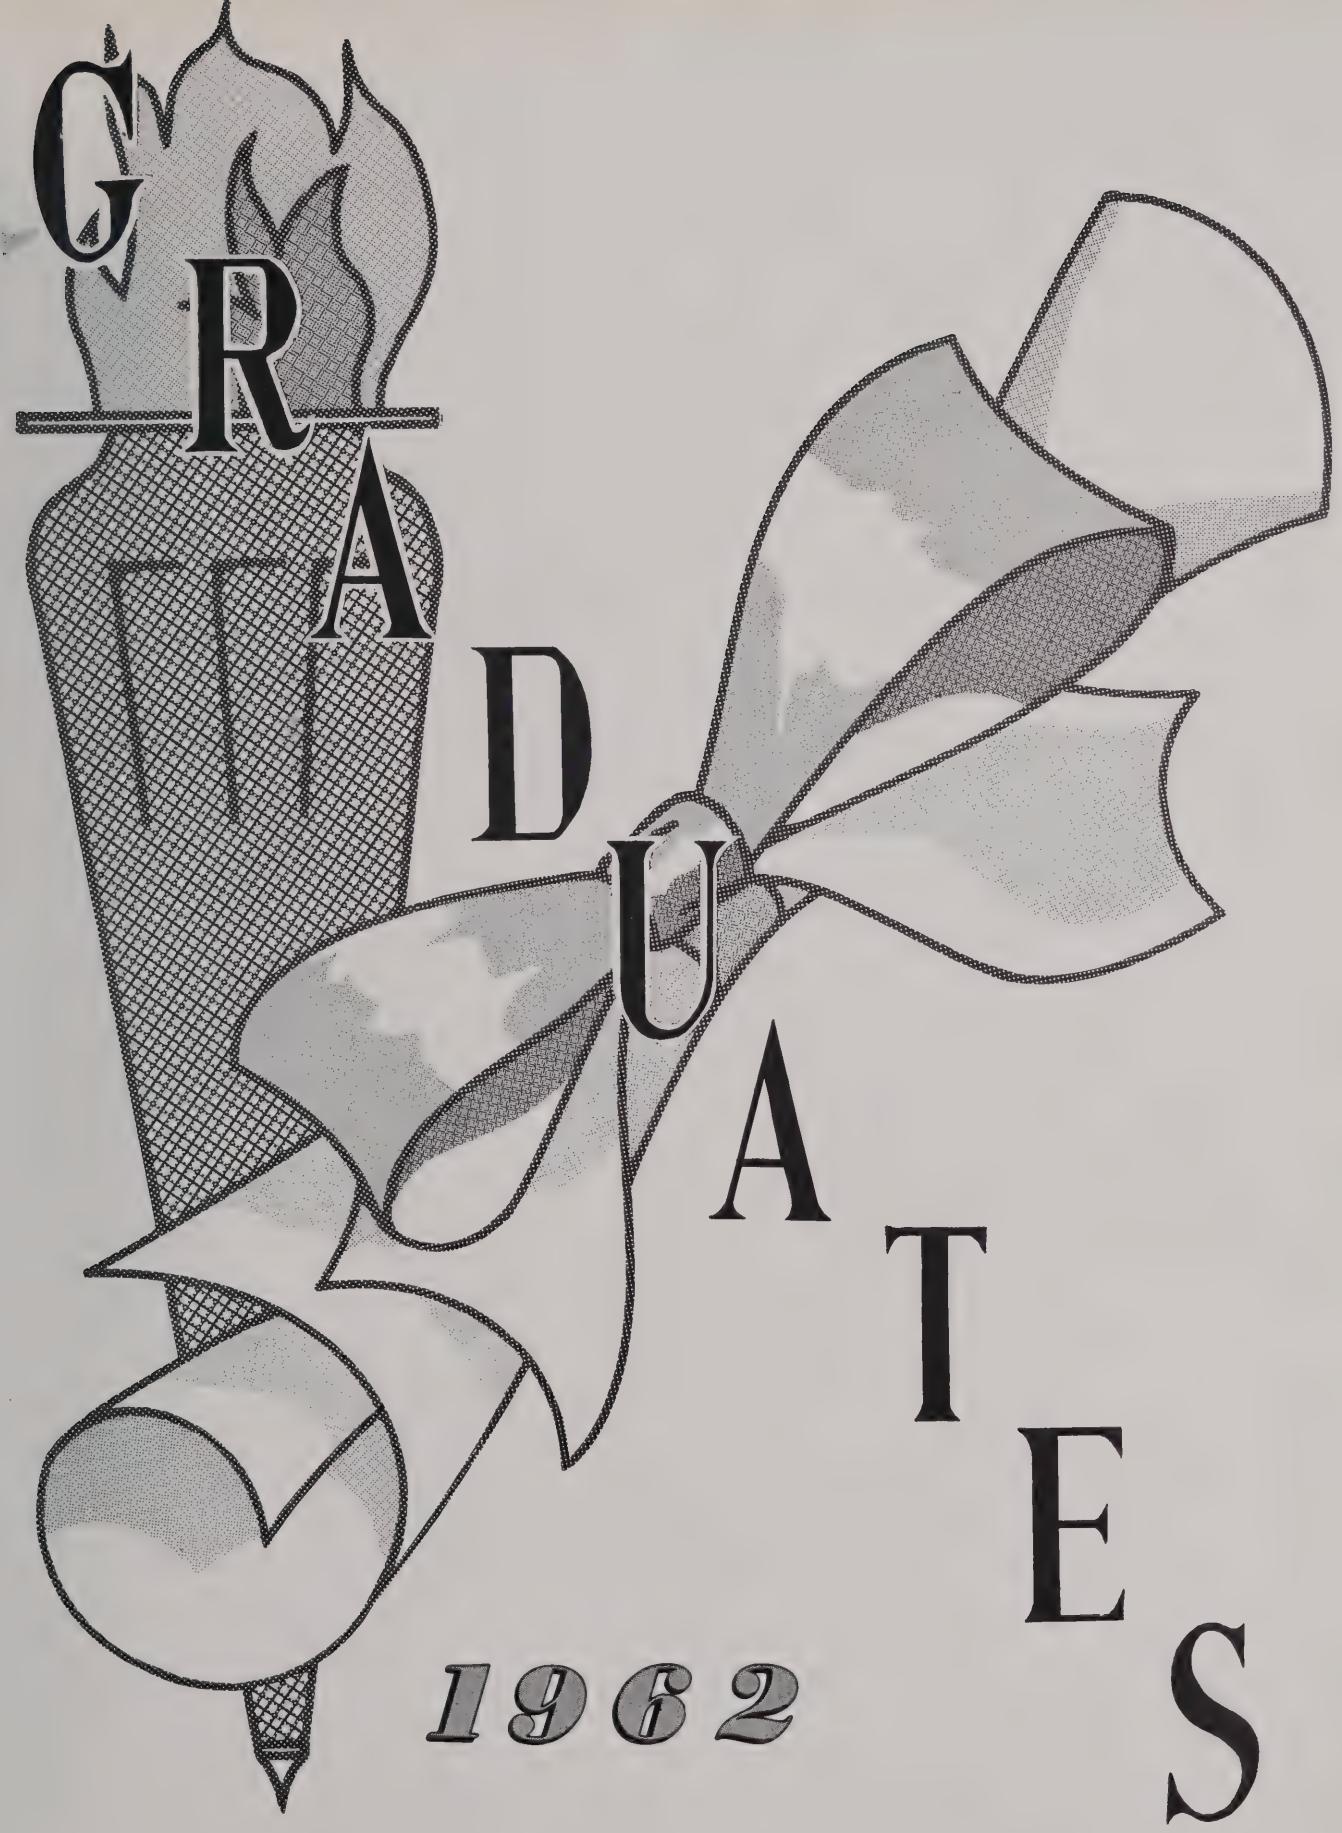

MRS. THELMA M. BAGLEY

It is with great pleasure that the Class of 1962 dedicates the Mariner to Thelma M. Bagley. We are most grateful for her help as a Registered Nurse, her direction of the nursery school, and her various teaching skills which have endeared her to all of us. We sincerely hope that her sense of humor, personality, and guidance will continue to guide the students at New Bedford Vocational High School.

The four year old Slide Rule Club, under the guidance of Messrs. Barbero and Duval enjoyed another successful year in 1961-62. Members of the club meet twice each week after school in the physics laboratory.

Students interested in learning the fundamentals of slide rule: multiplication and division, squares and square roots, cube roots, decimals, and various methods of solving mathematical problems and of making estimates may do so in club periods. Emphasis continues to be on aspects of the slide rule as it is useful in the respective trades of the members.

Nursery School

The Nursery School of New Bedford Vocational High School is under the supervision of Mrs. Thelma M. Bagley. This school has been operating as an accepted part of the girls program for a quarter of a century. It has grown from one morning session per week to four morning sessions, lasting from 8:30 a.m. to 11:30 a.m.

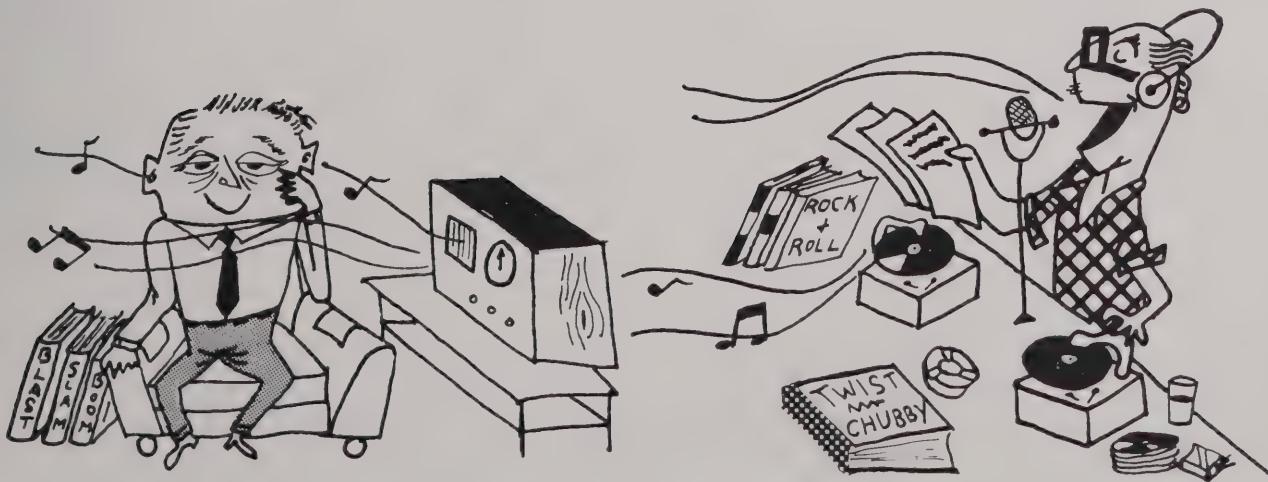

The program is so arranged that ten children come to the school each day to be cared for in the nursery. These children are cared for by three or four girls from one junior division on the first two days and by three or four girls from the other junior division on the next two days. These junior girls care for the children and observe their behavior patterns and developmental traits while doing so.

Some of the childrens' activities consist of playing with clay, painting, playing musical chairs and free play periods, sliding, cutting out pictures and lunch time.

At this writing, the basketball team was having a good season, having compiled an eleven and four record to date. Although not tabbed as such, New Bedford Vocational actually was the city champion team, having defeated New Bedford High twice and Holy Family twice, the first four games of the season. This year marked the first time that a Vocational High School basketball team had managed two wins over arch-rival New Bedford High in recent memory. The success of the season was mainly due to the fact that the boys were playing well as a team and have shown that strong desire to win.

*The
Artisans.....*

An undemanned New Bedford Vocational High School football team opened the 1961 football season with a smashing 36-14 victory over Taunton High School and then lost seven games in a row. The team was hampered by injuries, transfers, and a lack of personnel. At the conclusion of the season there were only eighteen members of the squad.

There were a few bright spots in the season, however, namely the playing of Co-Captains Tony Balestracci and Bill DeBarros along with that of Fred Weston who really carried the club. Freshmen Richard Sauve, Ronald Cruz, George Gonsalves, and Warren Houtman gained valuable experience that should help them in the future. Probably the best games that the team played all year were the Taunton, Attleboro and Coyle games. With about twelve veterans returning next year, the prospects for a good season appear bright.

Football

The 1961 baseball season was played with mixed emotions because the team played extremely well and had to be satisfied with a "split" season, winning six and losing six games.

Seniors who left their marks on the baseball diamond were Lou Bastarache, Dan Boisvert and Hank Souza. All three contributed to the success of the team while Boisvert was considered by some to be one of the best pitchers in the circuit.

Besides those players already mentioned, Frank Cunha, Joe Botelho, Red Sharp and George Smith all played well throughout the season.

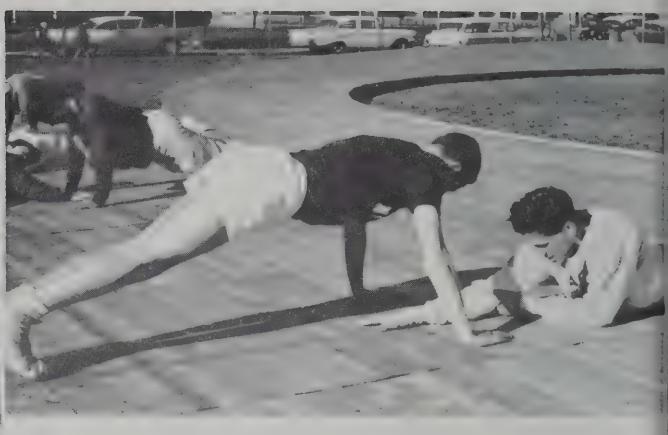

Golf

Track

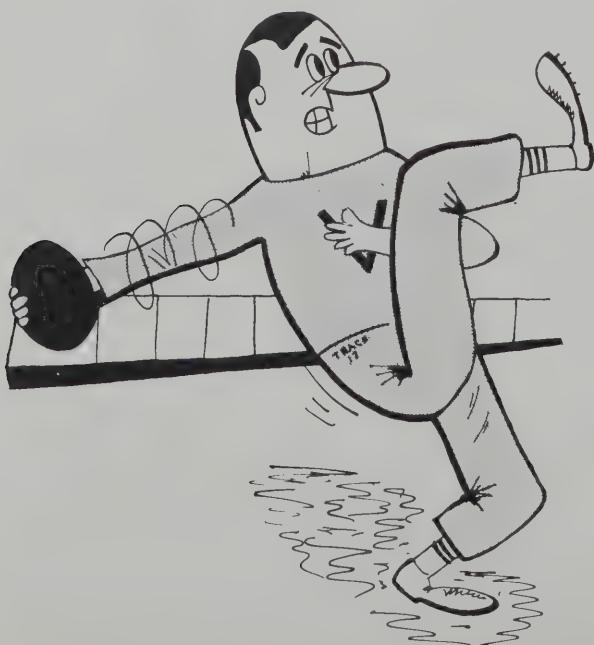

The 1961-62 Track Season was inaugurated with the dedication of the new board track built by the Carpentry Department of the school. For the first time in the long history of athletics at Voke, an indoor winter season was offered to track men at the school. This being the first year of winter track for Voke, no meets were scheduled but an informal practice meet was held with Fairhaven High School, where Mr. Rogers served before coming to Voke as Track Coach in September 1961.

The winter season ended with the State Meet at Boston Garden and while Voke did not place in the results the boys did a commendable job for a first-year squad with some boys getting as far as the semi-finals before being defeated.

The outdoor season opened with a dual meet with Coyle High School at Sargent Field on April 11 and, while Coyle won the meet handily, four Vocational boys placed, with George Sylvia winning the broad jump, Bob Edwards the High Jump, and Leo Burgo the 880. We also took a third in the Shot Put via John Burgo. The next meet was with always-strong Attleboro High School on April 25 at wind-swept Haywood Field in Attleboro. Once again Voke showed well, even in defeat, with the same four boys placing in the 220, 880, high jump, broad jump and shot put.

September 1962 will see the start of cross-country at Voke, as the artisans enter the Southeastern Mass. Cross-Country League.

Track Dedication

The 1961-62 track season began in November with the inauguration of the winter season for the first time under the new track coach, Mr. Rogers. The new board track which was constructed by the boys of the carpentry department under the supervision of Messrs. Wilson and Almeida was officially dedicated to Voke's former great track coach, Mr. Francis S. Holt on January 27, 1962. On that day, Holy Cross College defeated Providence College 51-17 in a duel college meet, the first time that a college meet was ever held in New Bedford. Holy Cross won every event save the 600 yd. run and that was the most interesting event of the day with Providence College's Iacono winning in the fast time of 1:14.

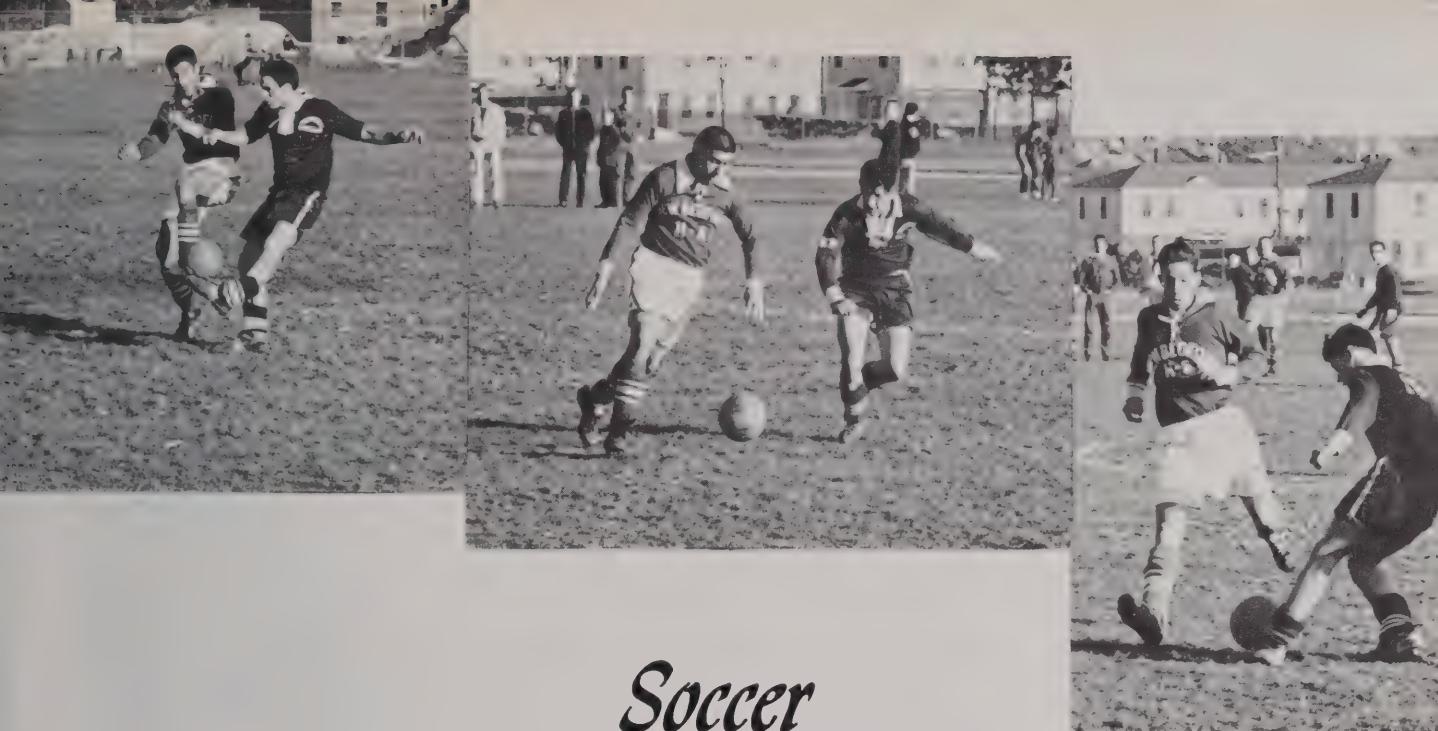

With a squad of sixteen boys out for winter track, Mr. Rogers expressed hope that a good number would be out for spring track. The winter season culminated with the entering of some of the squad in the State Meet at Boston Garden on February 3.

Team Coaches

Front: Mr. J. Janiak, W. Norton, S. Gateriewicz, G. Rogers, J. Bettencourt.
Back: K. Pearson, A. Abraham, L. Regis, J. Barbero, E. Drieson, E. Prastek.

Soccer

The soccer season of 1961 began in September and ended in November. Coach Pearson's squad compiled a record of 3 wins, 2 ties, and 7 losses. The team placed fifth in the Bi-State Soccer League.

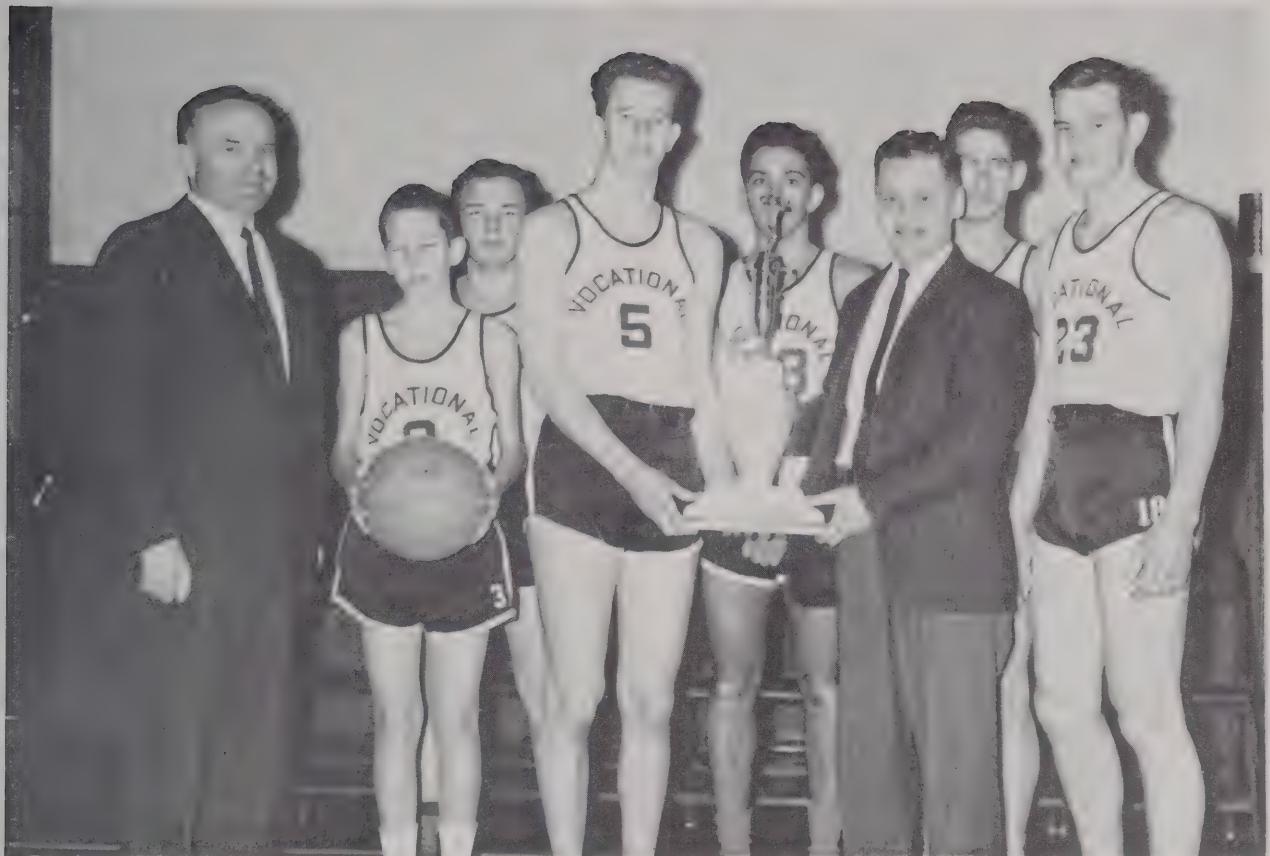

Shop League

The 1961 season was the first year Voke had an inter-shop softball league. Welding won the Shop League Championship with a record of 6 - 0. The standings of the various shops follow:

Welding	6 — 0	Auto	3 — 4
Carpentry	4 — 2	Steam	1 — 5
	Machine	0 — 6	

Shop League

Shop League Basketball are games between shops at Voke. In these inter-shop basketball games, Machine Shop won the first half year with a record of 5-0. The second half was won by Welding with the same record of 5-0. The championship game was played as a preliminary to a varsity game and this was won by Welding. This marked the third consecutive year that Welding has won the championship of the shop league.
